The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations
H-307 The Capitol
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Felton Infrastructure Improvements Project in Fiscal Year 2027. The entity to receive funding for this project is the City of Boyd, MN, located at 117 3rd St Box 7, Boyd, MN 56218.

The funding would be used to implement a city-wide infrastructure improvement project that addresses their water loss/quality issues as well as address localized flooding issues in the community through the replacement and rehabilitation of their drinking and wastewater systems. These improvements would be aimed at their water meters, water distribution, and lift station.

The project is an appropriate use of taxpayer funds because the project will improve public health and safety, bring about economic benefits, and support environmental stewardship. It will also support long-term cost savings as it will help prevent costly emergency repairs that can jeopardize economic prosperity, environmental sustainability, and the well-being of communities.

The project has a federal nexus because the funding is provided for purposes authorized by the Safe Drinking Water Act, 42 U.S.C. §300f.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Michelle Fischbach
Member of Congress
